DISCONTINUOUS MODULATION FOR REDUCING ADJACENT
AND CO-CHANNEL INTERFERENCE**

RENEWED PETITION UNDER 37 C.F.R. 1.137(b)

Commissioner for Patents
Crystal Plaza Four, Suite 3C23
2201 South Clark Place
Arlington, VA 22202

October 28, 2003

Sir:

Responsive to Paper No. 14, mailed **August 28, 2003**, the following comments and enclosures are respectfully submitted in connection with the above-identified application.

On May 16, 2003, Applicant submitted a Petition to Revive an unintentionally abandoned application Under 37 C.F.R. § 1.137(b). This petition was dismissed, as the submission of a Response and/or a Continuing Application was not included with the Petition.

In response to the dismissal, Applicant submitted an Amendment along with a Renewed Petition Under 37 C.F.R. § 1.137(b), on August 6, 2003. Again, the Petition was dismissed. In particular, the U. S. Patent and Trademark Office indicated that a concurrent filing of a Continuing Application was required.

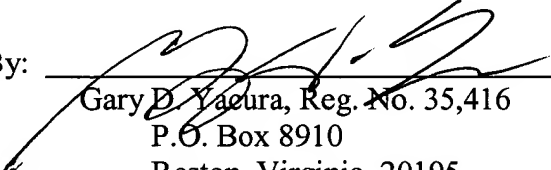

Therefore, in response to the further dismissal, Applicant submits herewith a Request For Continued Examination in the above-identified application. In addition, Applicant has also resubmitted the Amendment filed May 6, 2003, in order to allow convenient processing of this Renewed Petition.

In view of the comments herein, and the enclosed documents, Applicant respectfully submits that this Renewed Petition Under 37 C.F.R. 1.137(b) is sufficient to allow for revival of the above-identified application. If there are any questions, the Office is respectfully requested to contact the undersigned.

Respectfully submitted,

HARNESS, DICKEY & PIERCE, P.L.C
